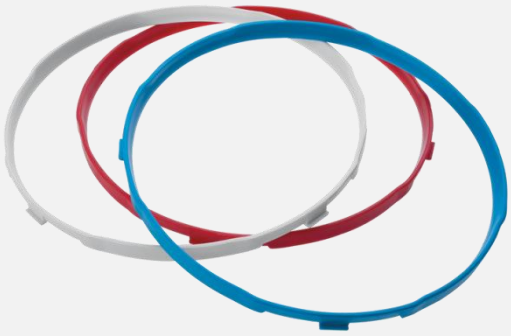
Air Series SP120 Quiet Edition
High Static Pressure Fan



SKU Live Date	**April 15th, 2012**
Intro Phrase / Tagline	**An excellent, quiet choice for heatsinks and radiators**
Product Full Name/Title	Corsair Air Series SP120 Quiet Edition — CO-9050005-WW Corsair Air Series SP120 Quiet Edition TWIN PACK — CO-9050006-WW
25-Word Product Description	The wide body, low-pitch blades of the SP120 fans combined with the custom housing provides outstanding static pressure and airflow through heatsinks or radiators.
50-Word Product Description	The wide body, low-pitch blades of the SP120 fans combined with the custom housing provides outstanding static pressure and airflow through heatsinks or radiators. With rubberized corners, a quiet and reliable Advanced Hydraulic Bearing, and an included step-down resistor for even quieter operation, the SP120 truly is the strong, silent type.
100-Word Product Description	The wide body, low-pitch blades of the SP120 fans combined with the custom housing provides outstanding static pressure and airflow through heatsinks or radiators. With rubberized corners, a quiet and reliable Advanced Hydraulic Bearing, and an included step-down resistor for even quieter operation, the SP120 truly is the strong, silent type. Included in the box are the three user-replaceable colored rings, in red, blue, and white, so you can customize your fan to match your case's components. Each fan also features blacked-out wires and connectors, so your build looks elegant and clean when done. Available in single and twin packs.
Product Features	• *The SP120 Quiet Edition, at full RPM, is an extremely quiet 23dBA while maintaining an impressive 1.29mm/H2O static pressure level.* • *Seven wide body, low-pitch custom blades for optimal static pressure at very low noise levels.* • *Custom fan enclosure for ducting air in the right direction with minimal interference.* • *Advanced Hydraulic Bearing for reliable, quiet operation.* • *Rubberized corners for sound damping when installed with standard screws.* • *User-replaceable colored rings so you can match your fans to your case* • *Included voltage step-down adapter for even quieter operation* • *Available in single or twin packs.*
